

River Homes & Home Sites For Those Not Afraid Of Heights

The river homes and home sites of Moss Landing offer a unique mountain-side opportunity in Coastal Wayne County, Georgia, where taxes are low and folks are friendly. Here, all paths lead to the Altamaha River, one of the most important ecological systems in Coastal Georgia.

Life on the river is peaceful, yet filled with opportunities to enjoy boating, fishing, skiing, canoeing, and more. Design and build your vacation home or choose a home that's ready to move in and enjoy this weekend. And, all at an incredible value! But, like sunrise on the Altamaha, this opportunity will only be here for a short time. Mountain side and river home sites from the mid \$30's; Homes from \$250s.
