

Why Pay More Than Your Neighbor?

Most people leave car dealerships wondering if they really negotiated the best deal. It's no surprise based on how sales people at other dealerships are paid! The more they get from you... the bigger the paycheck. If you're not an "expert" negotiator, you'll definitely pay more than your neighbor for the exact same vehicle. *Not at NeSmith Walker Chevrolet.*

We invite you to experience the joy of buying a car without all the high pressure and silly negotiation games. Our sales professionals are on salary and are rewarded for creating long term relationships. You're happy - we're happy! And we'll proudly give you our absolute lowest price *UP FRONT.*

Give us a try. It's hassle free... The way car buying should be.
